Citizens'/Clients' Charter

Preface

Department of Personnel & Training (DOP&T) is one of the three departments under the Ministry of Personnel, Public Grievances and Pensions. The role of the DOP&T can be conceptually divided into two parts. In its larger nodal role, it acts as the formulator of policy and the watch dog of the Government ensuring that certain accepted standards and norms, as laid down by it, are followed by all Ministries/Departments in the recruitment, regulation of service conditions and deputation of personnel as well as other related issues. This Department is also concerned with the process of responsive and people-oriented administration. While realizing its concern, this department intends to formulate the Citizens'/Clients' Charter to serve its clients efficiently. The charter is based on the premise that the citizen is the king and government organizations exist not to rule, but to serve the citizens.

This Department does not deal directly with the citizen. However, a minuscule of its service can be said to be concerned with the citizens particularly the applicants whose names are recommended by Commissions (UPSC & SSC etc.) for an appointment at various levels. The applicants may qualify to be citizens till they are appointed by the government. The major part of the service being delivered by this Department is for the government agencies or the government employees. **It is because of this, that the charter prepared by this department has been named as "Citizens'/Clients' Charter".**

DOP&T has identified some of the core services being offered by its various divisions and their standards. While identifying the services the focus has been on measurable and verifiable services and their standards. The charter contains the Grievance Redress Mechanism related to the services mentioned in the Citizens'/Clients' Charter. The Charter also provides links for other grievances which are not related to the Citizens'/Clients' Charter. Timelines have been prescribed for final disposal of the complaint arising out of the Citizens'/Client's Charter.

Citizens'/Clients' Charter**Vision**

To create an enabling environment for the development and management of human resources of the Government for efficient, effective, accountable, responsive, transparent & ethical governance.

Mission

Development and management of government personnel by attracting the best talent, providing excellent career-advancement opportunities, ensuring competence and innovation, adopting a dynamic framework of personnel policies and procedures, ensuring capacity building at all levels, inculcating and supporting a culture of transparency, accountability and zero tolerance of corruption in public affairs, and institutionalizing a system of continuous and constructive engagement with stakeholders to make the public services in India more efficient, effective, accountable and responsive.
